

## From the Principal

Welcome to Remote & Flexible Learning, 2.0. Thank-you to our staff, students and families for their quick turnaround in one day to get everything organised. Remember we are all here to support each other. After the first round, we worked through a reflection process about, what did and didn't work, and what we would do if we needed to return to the remote and flexible model in the future. So, heading into this round of Remote and Flexible Learning, we have changed the structure to better support students, families and staff.

This time around we have introduced whole class WebEx meetings to help maintain the connection between fellow students and classroom teachers. We have had great feedback around the class meetings from students, families and staff.

In order to work towards a greater level of engagement from all families, we have changed how our tasks may look. Our staff are working tirelessly to set tasks that are 'just right' to help increase student interest and participation. The technical teacher term for this is 'differentiation.' This happens more simply in the 'onsite classroom' but it takes more planning to support in the remote classroom. We are aiming to see development and adaptations in this space over the next few weeks.

Remember this is Remote and Flexible, so families can build a remote school timetable, to work in with your family and your life.

So, who is responsible for what areas of Remote and Flexible Learning?

### Students

- Engagement in, completion and submission of tasks
- Students can message their teacher on SeeSaw if they need assistance or instructions to complete tasks
- Acting on feedback when provided
- Attendance at class WebEx meetings
- Make sure your WebEx agreements are signed with what the expectations of these meetings are!

### Supervising Family/Carers

- Routines, routines, routines... Keeping normal routines (bedtimes and meal times) will be the best support you can provide
- Set clear expectations about what task work students need to complete and by when. This could be a discussion around each day's tasks
- Ensure that technical and See Saw issues are logged via the help desk. Support is on hand

### School Staff

- Set appropriate learning and wellbeing tasks
- Provide feedback to students that is designed to support students doing their best work
- Offering advice to families to best support them to ensure they know how the platform works
- Tom, Graeme & Myself
- On any given day, at least one of us is onsite to support student welfare, but we are always contactable
- Developing professional practice activities to support staff to plan for engagement and learning in the remote space
- Whole school operations and DET requirements

### Help Desk:

- Addressing help desk requests
- Offering support sessions for families, this could be a call, WebEx, etc.

We have had a lot of enquiries and questions about students being eligible to access flexible learning, onsite. We are finding these questions very challenging, because the way we need to respond, under the restrictions, does not align with how we would normally manage and support our families. However, our responses, are not ours to manipulate; "If there is an adult (16 years & over) at the home, who can supervise, students must stay at home.

Please be aware that we are fielding many calls and it may take up to two days to respond.

Thank you for all of the messages of support. It means so much that in this time of stress we can hold each other up. Finally, don't hesitate to make contact, we are here to help each other.

Warm regards,

**Wendy Bradley**

Principal

## WE ARE CURRENTLY TAKING ENROLMENTS FOR 2021

**Enrolments for Students in 2021 are well and truly open and we are very excited to already be receiving enrolments for students for the 2021 year.**

Due to the current climate, we are unable to offer traditional enrolment tours. We have posted a Virtual Tour Video on our Website so that you can enjoy a walk around tour of our school from the comfort of your home. <http://www.wonthaggips.vic.edu.au/images/WPSVirtualTour1.mp4>

If you wish to enrol your child for 2021 simply download the Initial Enrolment Form from our School Website or simply follow this link, complete the form and email or drop this in to the office.

[http://www.wonthaggips.vic.edu.au/documents/Enrolment\\_2021.pdf](http://www.wonthaggips.vic.edu.au/documents/Enrolment_2021.pdf)

Once the Initial Enrolment Form is returned to us we can organise an enrolment pack to be sent to you via email or one can be collected from the Office at your convenience. This pack will include information about our canteen, uniform ordering, a school hand book and a full detailed information form that will need to be completed and returned with a copy of your child's birth and immunisation certificates to finalise your child's enrolment. We will also organise for Wendy Bradley, the Principal, to give you a call to follow up on any questions you may have.

You can contact us via email at

[wonthaggi.ps@edumail.vic.gov.au](mailto:wonthaggi.ps@edumail.vic.gov.au) for an online enrolment pack to be emailed to you.

Don't hesitate to call our friendly office staff on (03) 5672 1600 if you need any assistance.

**Medicals and Child Safety!!**

Dear Families,

In line with our medication policy and in the best interest of child health and safety all children are required to have relevant medication, such as asthma inhalers & EpiPen's. Children are not allowed to be left under educator care without their required (and in date) medication. As we are a separate entity to the school, they will not be providing medical information/ medication to the service. We are requiring the parents to provide this directly to us.

If you haven't already enrolled, you can register at [www.oshclub.com.au](http://www.oshclub.com.au)
